Finishes

Matt Laminate/ Gloss Laminate (Celloglaze or Cellosheen)
Also know as celloglazing. Matt is a smooth, satin like finish applied to the top of the card. The Gloss gives a photo like finish.

NL - Not laminated
This finish is just the smooth semi-gloss artboard. It's a smooth coated board that can be written on with pen.

UV Varnish
A gloss clear coating that gives a raised feel to the card. Applied in any design over Matt Laminated cards to enhance the appearance.
