About sticky notes.

Sticky note pads are a great promotional tool. They are cost effective and a usefull gift for your clients.

Listed on this price list are our five most popular sizes. Larger pads are also available - see page 4 for thes other sizes.

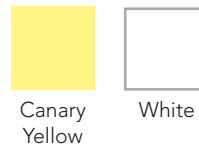

We're happy for you to supply artwork for your pads. If doing so, it's best sent as a print ready high resolution EPS or PDF file. Contact your graphic designer about this. Alternatively we can set the artwork up for you, just send your logo via email and let us know what you want on the pad.

If you have any questions, just call Splash Print on 1800 88 11 21, or send a email to print@splashprint.com.au

All prices include GST and Delivery to one Australian address. Prices are based on the supply of print ready artwork. Design and layout costs are additional if required.

Production time from approval of artwork is approx 10-12 working days.

Printed Ink Colours

 Your sticky notes can be printed in 1, 2 or 3 spot colours. We can match to your specified Pantone (PMS) colour. Just remember that printing a PMS colour on a coloured stock will alter the final print result. The best colour matching is achieved on white stock.

Sample Ink Colours

Your company may already have standard colours it uses for print reproduction. Otherwise if you're selecting a spot colour for the first time we have a rough guide below. These aren't exact matches to the colours that will print on your sticky notes, but give you rough guide.

Ordering your sticky notes.

The first rule of producing sticky note pads is: Keep it simple. No one wants to receive a pad as a gift, only to find no-where to write because it's covered in advertising messages.

The best designs for sticky note pads include only the simple placement of your company logo, your phone number or website, and perhaps a line describing your business.

Once you have formulated a rough design of what you want on the pad, give us a call on 1800 88 11 21.

We can supply you with a sample layout, or you're welcome to supply us with print ready artwork.

Step 1

Choose your pad size, number of pages and quantity.

Step 2

Design your pad - Ask your graphic designer to produce artwork for you, do it yourself or we can set up the layout if required.

Step 3

Send the artwork and purchase order to us by email, fax or via our website.

Step 4

We'll check the artwork, book your job in, send you a proof and invoice. Just organise payment and proof approval and we're away to print.

Step 5

Pads are printed and delivered to you. Easy.
